

## Congratulations to the Spirit of Math students who made the National Math Competition Honour Rolls!

Rigor + Discipline + Courage = Skills and Confidence

On behalf of all the Spirit of Math staff I commend all the students listed here, and all those who participated in any math contest. We would also like to honour all parents and teachers who have worked beside their children with patience, believing in their capabilities and potential, and to thank all of those people who spent endless hours creating such imaginative questions in all these contests. The equation above would not be possible without an entire community ready to do what it takes to stand behind what they believe in.
