

# Congratulations Students! Look what your hard work can do! 7092 Placements on 2019 National Honour Rolls

The outstanding achievements on all these contests are due to the unwavering support from parents, the steadfast effort from students and the dedicated work of the teachers. A child who has an entire community ready to support him/her has a great chance to reach his/her potential. On behalf of all the Spirit of Math staff, I would like to congratulate all students who participated in a math contest this year. Your courage to test yourself against unknown questions is the same type of courage you will need in your future as you become leaders in any field of your choosing.
